Kentucky Cemeteries Database

The Cemetery Preservation Program's database of registered cemeteries is a continuation of the work started by the Attorney General's Office in 2000. This database is a compliment to the reference library's database currently available on this site. The historical information contained here (as much as possible considering space restrictions,) details the cemetery name and location, sorted by county name and will be updated quarterly as additional cemeteries are added. To find out more about the Kentucky Historical Society's Cemetery Preservation Program, <http://history.ky.gov/sub.php?pageid=97§ionid=13>. To register a cemetery, please contact Ann Johnson at 502-564-1792, ext. 4404 or annj.johnson@ky.gov
