 FORMATTERS NOTE: This Census was recorded, probably by the clerks that transfer the enumerator's information into the ledgers, out of order with notes in the first and last line of many pages. On page 1, sheet 1B starts with a line 1 that says "Enumeration begins on reverse side of this sheet. E.L. Yeomins 4-12-34" and ends with a note in the bottom margin that says "for continuation of this family see page 6". All through this entire census enumeration there are notes of this type. After attempting to put it together without success, the pages were reordered by the dwelling and family numbers and renumbered by the formatter. The original sheet numbers are included. This census includes pages 1-144 and sheets 1B-73A. (This explanatory note and the transcription order used in these files Copyright 2001 by Maggie Stewart.)
