

1851 Jackson County, TN Voters List
Transcribed by

Vol. Fourteen – Number Three
Fall, 1989

Bob Allen searched the 1850 Census reports of Tennessee, South Carolina, North Carolina, Georgia, Alabama, Kentucky and Missouri, in search of Rufus Wiley Allen and his family, but he just wasn't to be found, nor were his wife and two children. Then Charles Leonard loaned Bob a photocopy of the 1851 Jackson County, TN Voters List, and there was his Rufus Wiley Allen – just where Bob thought he should be. Apparently Rufus was missed by the Census taker. As Bob found this to be an invaluable tool in locating his ancestor, and thinking others might have also been missed by the Census taker, he carefully transcribed the entire list, which begins on the next page. And, even if your ancestor was found on the 1850 Jackson County, TN Census, this list proves he was still there as 10 June 1851.

JACKSON CO., TN

(Transcribed from the Tennessee State Library & Archives, Record Group #30, Box 10, f10). As of June 1851.
A List of the Voting Population of Jackson County Tennessee as returned to me by the Commissioners.

(Names in parentheses – uncertain). These names are transcribed, as best as could be read, no effort made to change phonetic spelling – R. W. Allen.

***I organized R. W. Allen's doc by placing the names in each District into tables. In doing so, I was unable to maintain the integrity of the original document page numbers. This is much easier to read, though, as you don't have to scroll from page to page, from the bottom of one column to the top of another on a previous page, which was confusing. To see R. W. Allen's doc go to: http://www.ajlambert.com/history/hst_jcvt.pdf**
